Heads of Service / Partner / Rep	Mark Palmer Corporate Director: Corporate Services
Categories	<ol style="list-style-type: none"> 1. We like & will investigate it 2. We are & this is an update 3. We can't take this forward & this is the reason why 4. We like & will explore more with the public 5. We acknowledge & can explain 6. We have reflected on our priorities & your comments will inform our future direction

Feedback/Comments Received:
Partnerships: Community Planning Partnership: General
Refer to:
CPP 230-18863 / Page 15 / Bullets 1-12
<ol style="list-style-type: none"> 1. Addressing with a higher priority isolation issues 2. Adhering to Equality legislation (EIAs.) 3. Equalities 4. Equalities in practice. 5. Get rid of dead wood. Strive forward with real innovation before Moray falls behind again. Don't be afraid of using funding from the likes of Big Lottery etc. to start innovation. 6. less government interference 7. priorities all have an impact of our community and it's well being 8. remember elderly population and those in precarious financial situations. 9. Sort the school, hospitals and pavements first; those who need to or want to drive should be able to use snow tires or chains if necessary and as a working professional who uses a car for commuting, I wouldn't have problems with a change in the councils priorities 10. Spending money on what people need, not just because they want it. We have to pay for everything. Stop assuming all us old folk are dependant and costly. It makes a negative attitude and some of us care for ourselves. 11. stop hindering people wanting to live and build in Moray 12. Thinking about what the people of Moray need and begin to realise that they are here to do what's best for the people and not what's best for them!

Partner Response:
<p>All partners produce plans to set out how they intend to improve. As a collective the Community Planning Partnership did this in its 10 year plan Moray 2026. The government has specified a new approach to the way in which local public services should do improvement planning and in October the Community Planning Board aims to publish its first Local Outcome Improvement Plan for Moray.</p> <p>The council agreed its approach to preparing a plan and the importance of identifying priorities (and therefore lower priorities also) in August 2016. Limited progress has been achievable with local government elections due on 4 May 2017. The new council will be encouraged to assess engagement feedback from 2016 and other evidence available to assist in setting relative priorities during the course of 2017.</p>
